Continued Support to the Union:
Indonesia's Pledge to Connecting the World

As an active member of the ITU since 1949 and serving as part of the ITU Council since 1982

The Government of the Republic of Indonesia wishes to be re-elected as a **Member of the ITU Council for the period of 2023–2026** at the upcoming election during the ITU Plenipotentiary Conference 2022 (PP-22) in Bucharest, Romania, from September 26th to October 14th 2022.

Indonesia has been the host country for ITU Area Office for ASEAN and Timor-Leste since 1984

Proposed and succeeded in adding five (5) more seats for council Regions A, D & E

Indonesia would contribute to the fullest possible extent in realizing a connected world and enabling ICTs to achieve the 2030 agenda for SDGs for the benefit of the global community

The Government of the Republic of Indonesia would highly appreciate the support of ITU member states toward Indonesia's candidature to become **ITU Council for the period of 2023–2026**

Indonesia's Active Role and Contribution to Realize a More Connected and Digitalized Society

- Indonesia's commitment in connecting the unconnected:
- Development of the **High Throughput Satellite (SMF) of the Republic of Indonesia (SATRIA)** that is set to be launched in 2023; with 150 Gbps total satellite capacity, covering 150,000 public service points.
 - Deployment of the **4G Base Transceiver Station (BTS)** across the regions, especially in the frontier, outermost, and least developed areas (3T)

Indonesia's active role and contribution to realize a more connected and digitalized world could be seen from our leadership as well as participation in several international fora, including:

1. Member of the **ITU Council** for more than 4 decades since 1982
2. **G20 Indonesian Presidency 2022**, and the First Chair of G20 Digital Economy Working Group (DEWG)
3. Member of the **WEF's ASEAN Digital Initiatives Board of Advisors**
4. ASEAN Chairmanship in the upcoming year of 2023
5. Official partner country for the **Hannover Messe 2021 and 2023**

A Glimpse of Indonesia's Commitment

to Expedite an Inclusive, Empowering, and Sustainable Digital Transformation.

Connecting the world starts with connecting our archipelagic nation. Cognizant of the diverse need of the people as well as Indonesia's unique geographic landscape, Indonesia accelerates digital transformation to bridge the digital divide. This priority agenda has been implemented through **4 key strategic sectors as the main pillars** with several priority programs, namely:

THE CANDIDATURE OF THE REPUBLIC OF INDONESIA AS A MEMBER OF THE INTERNATIONAL TELECOMMUNICATION UNION (ITU) COUNCIL FOR THE PERIOD OF 2023-2026

The Government of the Republic of Indonesia is seeking re-election to the membership of the International Telecommunication Union (ITU) Council for the period of 2023-2026, at elections to be held during the Plenipotentiary Conference 2022 (PP-22), in Bucharest, Romania, on 26 September – 14 October 2022. The Government of the Republic of Indonesia would highly appreciate the favorable support of ITU member states toward its candidature.

Contributions

Commitment

Capacity Building

1 We commit to exert all efforts to develop digital literacy, skills as well as talents. In doing so, we will strive to encourage the Union to provide more capacity building programs and activities in the mentioned areas for all member states primarily developing countries, LDCs, LLDCs, SIDs, and countries with economies in transition

Women Empowerment

2 We will encourage women empowerment and involvement in the Union's various activities, programs, and leadership positions.

Connecting The Unconnected

3 We will focus on connecting the remaining 2.9 billion unconnected people in the world through development of digital infrastructure, applications, and services to leave no one behind.
